

# GLOBALTT INTERFACE (GI)

GLOBALTT PROVIDES A FREE ONLINE PORTAL FOR IT'S CLIENTS TO  
MANAGE ALL THEIR STATIONS, SUBSCRIPTIONS AND MANY OTHER  
OPTIONS AS POINTED IN THIS PRESENTATION

# Login to GI

*Login to the portal is a straight ahead process with availability even in an offline situation, if you are on your PC, tablet, smartphone, or with your aligned properly VSAT station even if you doesn't have a subscription activated or bought yet.*

# The Dashboard (E-Platform)

The "GI" have a fully informative dashboard that contains all information about all the stations and subscriptions associated to your account.

## 1. Main Menu

The screenshot displays the Global Interface dashboard. At the top, there is a navigation bar with 'Home', 'My Station', 'Management', and 'Support'. Below this, a search bar and a list of stations are visible. The main content area is divided into several sections: 'Station Status' (with sub-sections for Support, Modem Status, and Subscription), 'Station Alerts & Messages', 'Account and Order Status', 'Local Station Time', and 'GMT Time'. The 'Station Status' section shows various indicators like 'Phone support available', 'Modem is powered On', 'Paid - Up & Running', 'iTV Apps', 'Cloud Apps', 'PSP Apps', 'Instant speed', 'Rx Level', and 'Transmit Power'. The 'Account and Order Status' section shows a balance of 1.00 EUR. The 'Local Station Time' and 'GMT Time' sections show the current time as Thursday, June 14, 2018, at 11:50:28 AM and 11:30:33 AM respectively. A blue arrow points from the '1. Main Menu' text to the 'Home' link in the navigation bar.

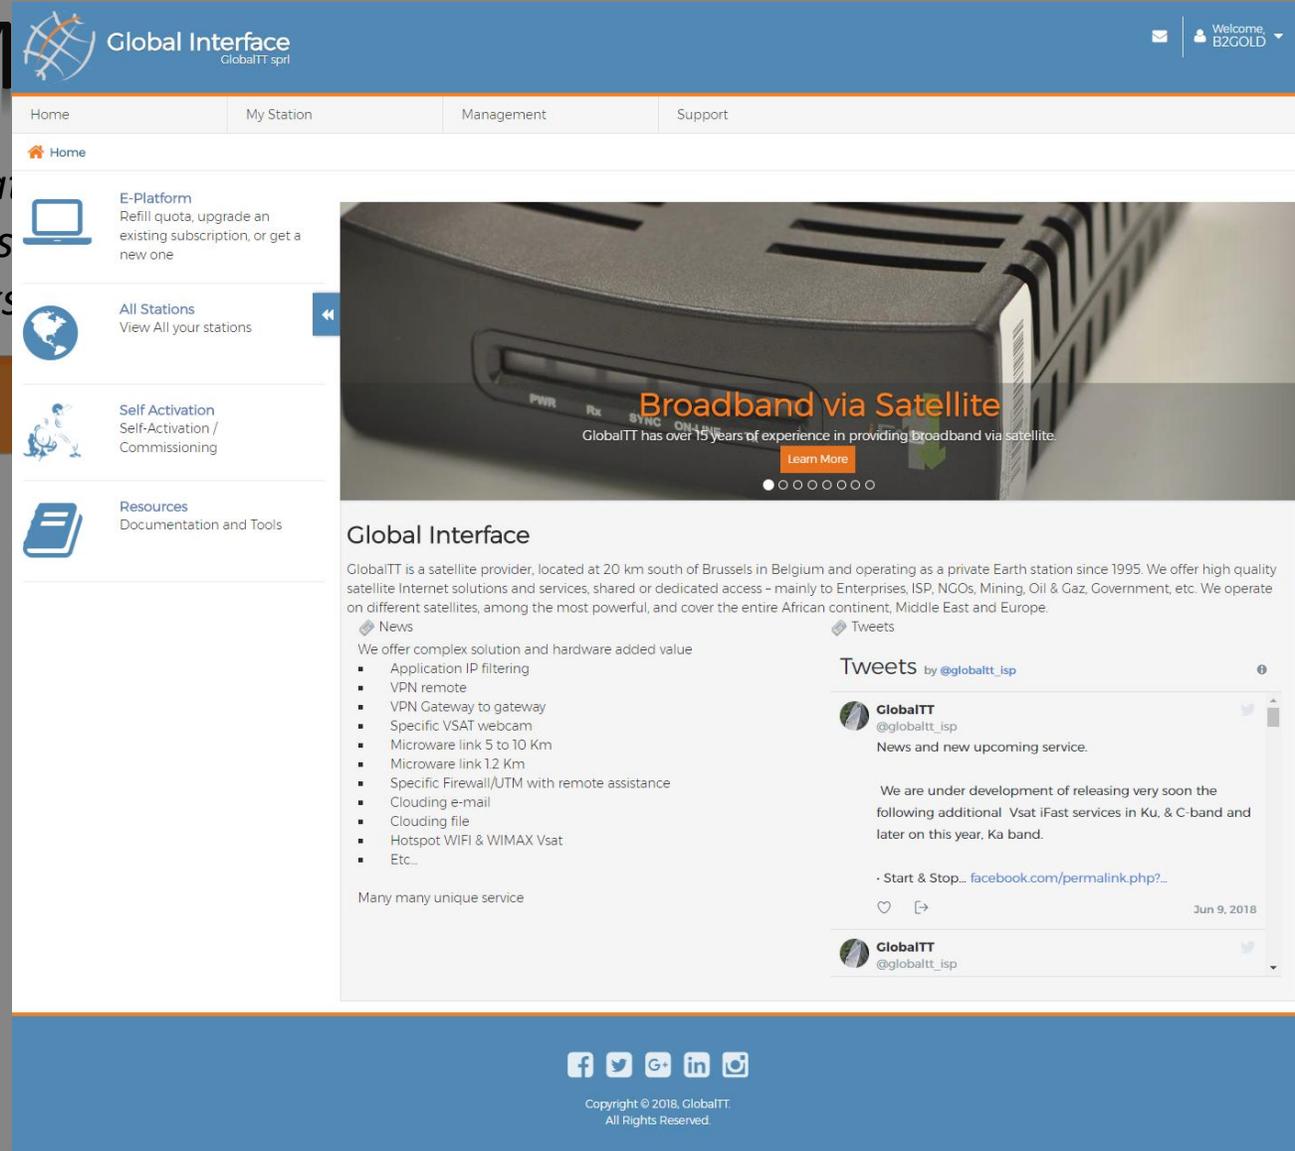

# 1. Main Menu

*The Dashboard (E-Platform) main menu is instructed of 4 sections as shown below (original screenshot) which the first page is the **home** page which contain a simple slider for advertisement, a brief about the GI and other helpful links.*

# 1. Main M

The Dashboard (E-Platform) which the first page is and other helpful links

The screenshot shows the Global Interface dashboard. At the top, there is a blue header with the Global Interface logo and a user profile for 'Welcome BZGOLD'. Below the header is a navigation menu with 'Home', 'My Station', 'Management', and 'Support'. The main content area is divided into a left sidebar and a main content area. The sidebar contains links for 'Home', 'E-Platform', 'All Stations', 'Self Activation', and 'Resources'. The main content area features a large banner for 'Broadband via Satellite' with a 'Learn More' button. Below the banner is a section titled 'Global Interface' with a paragraph of text and a list of services. To the right of this section is a 'Tweets' section showing a tweet from @globaltt\_isp. At the bottom of the dashboard, there are social media icons for Facebook, Twitter, Google+, LinkedIn, and Instagram, along with a copyright notice for 2018.

### Broadband via Satellite

GlobalTT has over 15 years of experience in providing broadband via satellite.

Learn More

### Global Interface

GlobalTT is a satellite provider, located at 20 km south of Brussels in Belgium and operating as a private Earth station since 1995. We offer high quality satellite Internet solutions and services, shared or dedicated access – mainly to Enterprises, ISP, NGOs, Mining, Oil & Gaz, Government, etc. We operate on different satellites, among the most powerful, and cover the entire African continent, Middle East and Europe.

#### News

We offer complex solution and hardware added value

- Application IP filtering
- VPN remote
- VPN Gateway to gateway
- Specific VSAT webcam
- Microwave link 5 to 10 Km
- Microwave link 12 Km
- Specific Firewall/UTM with remote assistance
- Clouding e-mail
- Clouding file
- Hotspot WIFI & WIMAX Vsat
- Etc...

Many many unique service

#### Tweets by @globaltt\_isp

**GlobalTT** @globaltt\_isp  
News and new upcoming service.

We are under development of releasing very soon the following additional Vsat IFast services in Ku, & C-band and later on this year, Ka band.

The E-Platform or the Dashboard is the main page for all the information and the stations related functions, status, reports and payments.

# 1. Main Menu

The second section is "My Station"

The screenshot shows the Global Interface web dashboard. At the top, there is a navigation bar with 'Home', 'My Station', 'Management', and 'Support'. Below this is a breadcrumb trail 'Home > E-Platform'. A red notification banner at the top left says 'Urgent: Bank Details Updated' and 'Important!!'. The main content area is divided into several sections:

- Station Selection:** A search bar and a list of stations. It shows 'Number of stations: 3' and 'Our Offerings' including Temp Upgrade, Booster Accelerator, Night Booster, and Start Free Trial.
- Station Details:** A detailed view for a selected station. It includes a 'Station Status' grid with indicators for Support (Phone support available), Modem Status (Modem is powered On), Subscription (Paid - Up & Running), E Apps (Reduced), Cloud Apps (Opened), P2P Apps (Blocked Peak only), Instant speed (55/68 kbps), Rx Level (Good Reception levels), and Transmit Power (Tx Margin) (12.75 dB). Below this is a table for 'Off Peak Times (local times at station)'.

	Off-Peak time	Off-Peak time (second level)
Week Days	6:30 PM - 7:00 AM	12:30 AM - 3:30 AM
- Modem Status:** A section with a modem icon and text: 'Your satellite modem is switched-on and synchronised on the GlobalTT network'.
- Subscription:** A section with a green checkmark icon and text: 'Station in use. Your satellite subscription is paid and active'.
- Levels:** A section for 'Reception Level (Rx Level)' showing 'Your Levels' at 12.7 dB and 'Level To Achieve' at 12.9 dB. It includes a gauge and a 'What is Missing' indicator of +0.2 dB. Below it, 'Transmit Power (Tx Margin)' shows 'Your Levels' at 12.75 dB.
- Account and Order Status:** A section showing 'Money Available' of 1.00 EUR and a 'Local Station Time' of Thursday, June 14, 2018, 11:30:28 AM.
- GMT Time:** A section showing 'GMT Time' of Thursday, June 14, 2018, 11:30:33 AM.

At the bottom, there are social media icons for Facebook, Twitter, Google+, LinkedIn, and Instagram, along with the copyright notice: 'Copyright © 2018, GlobalTT. All Rights Reserved.'

# 1. Main Menu

The second

The screenshot displays the 'Global Interface' web application. The top navigation bar includes 'Home', 'My Station', 'Management', and 'Support'. The user is logged in as 'PIERRE' with a notification badge showing '2' messages. The breadcrumb trail indicates the current location: 'Home > Block/Unblock Station'.

The main content area is split into two panels. The left panel, titled 'Select Station', contains a search bar and a list of five stations: PIERRE FAST-4952, PIERRE FAST-4966, PIERRE FAST-8155, PIERRE FST-5204, and PIERRE-495240. A green message at the bottom of this panel states 'Number of stations: 5'.

The right panel, titled 'PIERRE FAST-4952', is used for configuring the station's status. It features a 'Blocked from' field set to '14/06/2018 16:04' and a 'To' field set to '08/01/2019 23:59'. An example text below reads: 'Example : 26 Sept 08 23h30 To 10 Oct 10:00'. There is an input field for an email address, currently containing 'pierre\_garcia@live.fr', and an 'Apply' button.

Below the configuration fields is a table titled 'Your stations :'. The table lists the following data:

Station	Subscription	Date start commitment	Date end payment	Date end subscription	Station blocked from	Station blocked until	Unblock
PIERRE FAST-8155	C-Medium	02/10/2017	01/07/2018	01/10/2018	-	-	
PIERRE FST-5204	Plan 1 [4:1]	22/01/2018	31/07/2018	21/01/2019	-	-	
PIERRE FAST-4952	Back-up	09/01/2018	08/01/2019	08/01/2019	-	-	

The footer of the application includes social media icons for Facebook, Twitter, Google+, LinkedIn, and Instagram, along with the copyright notice: 'Copyright © 2018, GlobalTT. All Rights Reserved.'

Home My Station Management Support

Home > Self Commissioning

### Self Commissioning: PIERRE FAST-4966 (T1IN)

#### Main terms and conditions for the commissioning & activation

- To do the commissioning and activation of your satellite Vsat, a **subscription need to be already allocated** to your station
- **Funds** need to be loaded on your Vsat station in order to have a stand-by subscription.
- The **commissioning and the activation** require to tune the antenna and the set up of the Vsat unit by a professional
- The adequate Rx level and Tx power/margin need to be reach, it is mandatory.
- Our GlobalTT **Sat-Software is adapted tool** in order to do the final fine tuning and proceed to the activation/commissioning of your Vsat.
- The SAT-Software is available on the **Global-Interface(GI)** subscriber site and on the USB Key we shipped with the satellite modem you received
- To activate a Vsat station, you must obtain good level on the Rx margin and Tx power/margin, otherwise, you will not be able to activate your station or highly affected the satellite
- You can activate your station (extreme situation) with very poor alignment and very poor levels, If the station is synchronizing. But in this case, you will not receive support from GLOBALTT, and we can only garranty you approximately **4 weeks** of usage. The levels of the station must be improved in the mean time.
- The commissioning and the activation **require a Cross-Polarization** tuning which must be done in maximum the coming 72 hours based on our GlobalTT NOC report and satellite interference report.
- The Cross-Pol require an appointment with our GlobalTT NOC support and must be done by a quality technician. The technician should on the site, close to the dish with the right tools and a phone to follow our instructions by phone.
- Some interferences due to a non realisation of Cross-Pol could force us to shutdown the station without any liability form our side.

Yes, I agree with GlobalTT terms and conditions for the satellite usage , interference, tuning and internet usage

# The Dashboard (E-Platform)

The "GI" have a fully informative dashboard that contains all information about all the stations and subscriptions associated to your account.

1. Main Menu

2. Stations List

The screenshot displays the Global Interface dashboard for a station. At the top, there is a navigation bar with 'Home', 'My Station', 'Management', and 'Support'. Below this, a 'Urgent: Bank Details Updated' notification is visible. The main content area is divided into several sections:

- Station Status:** A grid of status indicators for Support (Phone support available), Modem Status (Modem is powered On), Subscription (Paid - Up & Running), IP Apps (Installed), Cloud Apps (Opened), P2P Apps (Blocked Peak only), Instant speed (20/10 Mbps), Rx Level (Good Reception levels), and Transmit Power (1275 dBm).
- Modem Status:** A section indicating that the satellite modem is switched on and synchronized on the GlobalTT network.
- Subscription:** A section confirming that the station is using a paid and active satellite subscription.
- Levels:** A section showing 'Reception Level (Rx Level)' with 'Your Levels' at 127.0 dB and 'Level To Achieve' at 129.0 dB. It also shows 'Transmit Power (Tx Range)' with 'Your Levels' at 1275 dBm.
- Station Alerts & Messages:** A section for 'Off Peak Times (local times at station)' with a table showing off-peak times for Week Days: 6:30 PM - 7:00 AM and 12:30 AM - 3:30 AM.
- Our Offerings:** A section with buttons for Temp Upgrade, Booster Accelerator, Night Booster, and Start Free Trial.
- Subscription Management:** A section with buttons for Renew Subscription and Upgrade Subscription.
- Account and Order Status:** A section showing 'Money' as 1.00 EUR.
- Local Station Time:** A section showing 'Thursday, June 14, 2018' and '11:50:28 AM'.
- GMT Time:** A section showing 'Thursday, June 14, 2018' and '11:30:33 AM'.

At the bottom of the dashboard, there are social media icons and a footer with 'Copyright © 2018, GlobalTT All Rights Reserved'.

# The Dashboard (E-Platform)

The "GI" have a fully informative dashboard that contains all information about all the stations and subscriptions associated to your account.

1. Main Menu

2. Stations List

The screenshot displays the 'Global Interface' dashboard. At the top, there is a navigation bar with 'Home', 'My Station', 'Management', and 'Support'. Below this, a 'Urgent: Bank Details Updated' notification is visible. The main content area is divided into several sections: 'Station Status' (with sub-sections for Support, Modem Status, and Subscription), 'Station Alerts & Messages', 'Levels', 'Account and Order Status', 'Local Station Time', and 'GMT Time'. The 'Station Status' section contains a grid of indicators: 'Phone support available', 'Modem is powered On', 'Paid - Up & Running', '4G LTE', 'Cloud Apps', 'RIP Apps', 'Instant speed', 'Rx Level', and 'Transmit Power (Tx Range)'. The 'Levels' section shows 'Reception Level (Rx Level)' and 'Transmit Power (Tx Range)' with corresponding gauges and status indicators. The 'Account and Order Status' section shows 'Money Available: 1.00 EUR'. The 'Local Station Time' and 'GMT Time' sections show the current time for the station and GMT respectively.

2.1. Station Indicators

# 2.1. Station Indicators

Shows the **selected station** main indicators, status, alignment levelling and speed. There is even extra indicators such as issues and progression indicators.

Phone support is available from Monday to Friday, 9am to 5pm (CET) for the selected station

E! (Entertainment) Cloud & P2P Apps indicators shows them status and how you configured them\*

The Average speed recorded for the selected station in the past 30 minutes

The dashboard, titled "Station Status", displays the following indicators:

Support	Modem Status	Subscription
Phone support available	Modem is powered On	Paid - Up & Running
E! Apps	Cloud Apps	P2P Apps
Reduced	Opened	Blocked Peak only
Instant speed	Rx Level	Transmit Power (Tx Margin)
573/47 kbps	Good Reception levels	12.79 dB

The modem and subscription indicators shows if the selected station modem is running and its subscription is paid and activated

The Transmission Power (Tx Margin) and the Receiving level (Rx) of the selected station

# The Dashboard (E-Platform)

The "GI" have a fully informative dashboard that contains all information about all the stations and subscriptions associated to your account.

1. Main Menu

2. Stations List

The screenshot displays the Global Interface dashboard. At the top, there is a navigation bar with 'Home', 'My Station', 'Management', and 'Support'. Below this, a 'Urgent: Bank Details Updated' notification is visible. The main content area is divided into several sections: 'Station Status' (with sub-sections for Support, Modem Status, and Subscription), 'Station Alerts & Messages', 'Levels', 'Account and Order Status', 'Local Station Time', and 'GMT Time'. The 'Station Status' section contains a grid of indicators for various services like Phone support, Modem, Cloud Apps, and Subscription. The 'Levels' section shows a gauge for Reception Level (Rx Level) and Transmit Power (Tx Power). The 'Account and Order Status' section shows a balance of 1.00 EUR. The 'Local Station Time' and 'GMT Time' sections show the current time in local and GMT zones respectively.
